MAKE IMPORTANT REPORT ON BOROUGH EXPANSION

Committee Shows Advantages to be Derived from Boro's Consolidation

WOULD BE A BENEFIT TO ALL

Borough Expansion was the most important matter before the Board of Directors of the Chamber of Commerce yesterday at four o'clock. The Borough Expansion committee, of which Hugh E. Fergus is chairman, gave one of the most forcible and cogent reports yet presented by any committee to the Board of Directors. The areas under consideration for consolidation are Charleroi, North Charleroi, Speers and probably a part of Fallowfield township. The population of Charleroi is 11,516; of North Charleroi, 1,931; and of Speers, 425. A consolidation of these three boroughs would mean a population of 13,882, and a combined assessed valuation of \$5,009,205. It was the unanimous opinion of the committee that it would be advisable to secure this consolidation and that great benefits would result to all the boroughs mentioned. On the part of the Borough of Charleroi, it would be a benefit in that it would increase the size of the borough and would give it a better standing and reputation to the outside world. It would enlarge the limits of the borough, and give more room for building purposes to persons who wish to maintain their residence within the borough. There are many persons who desire to build but who, at the same time desire to reside within the limits of the borough. Practically all the desirable building sites in the borough have now been taken up. If the borough of North Charleroi, and the Borough of Speers were to be annexed to or consolidated with Charleroi, a large amount of unimproved real estate available for building purposes would be added to the borough. The North Charleroi Land Company Plan in the borough of North Charleroi, still contains many desirable building lots and the borough of Speers contains among others, the Mary Stewart Farm, the John Kettle Farm, the Beazell Farm, the Speers Farm and the Sphar Farm; all of which would become available for building purposes.

The borough of North Charleroi and the Borough of Speers would be benefited in that they would then have the benefit and advantage of the Fire, Water, and Police protection of the borough, which they do not have at all, or only to a very limited extent, and would also be in position to ask for and receive other public advantages and improvements which it is not possible for small boroughs to have.

It would also be beneficial in that one centralized government could administer the affairs of the community much more economically and much more efficiently than three separate and distinct organizations. Such consolidation can be brought about if the majority of the free holders in each borough is in favor of it.

MCKEESPORT VICTORY PLEASING TO LOCALS

The victory of the McKeesport High school basketball team over Fifth Avenue High at Motor Square Garden, Pittsburgh, last night, was a popular one with local high players. McKeesport won the championship in Section Five, of which Charleroi is a part, and many of the teams in this section played the Tubers a closer game than Fifth Avenue. Section V was one of the fastest in the W. P. I. A. L.

SPECIAL SERVICES FOR EASTER SUNDAY

The pre-Easter service being held in the Washington Avenue Presbyterian church each evening at 7:30 o'clock, have been interesting throughout. Last night Dr. F. C. Stahlman, who spent two days at Harrisburg listening to the debate on "The Sunday Question," and the "Martin Bill," told of his impressions at the capital. The members of the Bible classes were all interested in his remarks, since they had sent resolutions on the question to the representatives from our county.

The church is preparing for a busy day on Easter, since the first service will be a sunrise meeting at 6:30 a. m. The choir is preparing a cantata to close the day, and the baptism of babes at 11 will prove a service in keeping with the occasion.

CONTINUING SERVICES AT THE M. E. CHURCH

At the M. E. church this evening the pastor will use as his text Mark 15:15—"And so Pilate, willing to content the people, released Barabbas unto them, and delivered Jesus when he had scourged Him to be crucified."

Eggs—Hen Eggs—White Eggs—Brown Eggs. All our eggs are strictly fresh, nearby. At Clark's Grocery, Fifth street. 2462-2

and of course the matter would have to be submitted to the councils of the several boroughs. This represents a partial report on the part of the committee who will continue their work and bring in a more detailed report at a later date.

Five new members, Theo. H. Sloan, H. A. Heupel, Carl W. Corwin, Joseph Brand and F. W. Pieper were unanimously voted into the Chamber of Commerce at the meeting yesterday. J. D. Berryman appeared before the Board of Directors in behalf of the Charleroi Iron Works, and asked that the Chamber do everything in their power to encourage the work of his industry. Walter Byerly president of the Board of Directors, appointed Messrs. Flickinger Hastings and Fox, to take into consideration the present and future of the Charleroi Iron Works, and to make some recommendation at the next meeting.

FOREIGN MONEY SHRINKS IN U. S.

The difference in value between United States and foreign money was vividly brought home to Martin Resner, a former resident of Donora, who returned recently to America from Austro-Hungary, to which country he had returned from the United States in 1909. While in his home land Mr. Resner was engaged in mercantile pursuits and had amassed a fortune of \$80,000 kroner. At pre-war valuations this would represent a value of \$16,000. During his absence, however, many vicissitudes have come to pass in the rates of foreign exchange. When he arrived in New York this week on the Aquantania he went to have his money exchanged. The smiling clerk behind the window took his money, ascertained there was \$80,000 kroner, and then handed Resner back \$84 in United States money. Resner was dumfounded and then the clerk explained to him that kroner might be all right in Hungary, but that they were of little value in the United States.

BOYS ARRESTED AS SUSPICIOUS CHARACTERS

The Monongahela police arrested three boys Wednesday night, Louis Homme, aged 15, of Uniontown; Howard Hillman, aged 16, of Monongahela, and Fred Evans, aged 15, of Marianna, charged with being suspicious characters. It is the belief of the police that these boys have been stealing bicycles as well as other articles in and about Monongahela, and they will be taken before juvenile court, where the cases will be disposed of. When the Evans lad was arrested a big gun, with a number of cartridges, were found on his person.

FIRST CANDIDATES HAVE ANNOUNCED FOR SHERIFF

Otto Luellen, of Washington, has announced his candidacy for Sheriff, at the coming primaries to be held in September, subject to Republican rules. Mr. Luellen is a veteran of the Spanish-American war. J. Alvin Weirich, also of Washington, has entered the lists for the same office, and has made his formal announcement.

ASSEMBLE BIG FLEET OF STEEL BARGES

One of the largest fleets of steel barges ever assembled in a single tow, now tied up at the Point landing, Monongahela river, Pittsburgh. They are owned by the LaBelle Transportation company of Steubenville, Ohio. They are of the hopper design, 20 feet wide, 140 feet long, 10 feet deep and have a capacity of 500 tons. They will be used in the transportation of coal from the company's mines on the Allegheny, and on the Monongahela river in the sixth pool. This company also owns the steamers Carbon, recently purchased from the Pittsburgh Coal company, and on the H. P. Fisher, while an all-steel tugboat, to be a duplicate of the Homestead of the Carnegie line, is behind the gridded window now under construction at Jeffersonville, Ind. The machinery for this boat is being built by the J. J. Zeeb Sons Company of Pittsburgh.

Thomas Cowell, a well known resident of Speers, died Thursday evening, March 24, at 7:25 o'clock, after an illness of three months, aged 72 years, two months and four days. He was born at Shillingle, Durham county, England. He was married in Columbiana county, Ohio, to Sarah Lynn December 31, 1871.

He was a respected resident of Dunlevy for thirty years, later moving to Speers, where he lived for five years. He was a member of the Dunlevy United Brethren church, having been one of the first to help organize the church. He was also a member of Nucleus Lodge, I. O. O. F. of Monongahela.

He is survived by his widow, Sarah Lynn Cowell, six sons, William and Robert of Speers; Charles of Dunlevy; Edward at Raleigh of Elm Grove, West Virginia; and Matthew of Charleroi; and two daughters, Mrs. Harris Bookner of Windber, Pa., and Mrs. Phyllis Baker of Speers. One brother, William, of Taylorsville, Ill., also survives, as well as twenty-six grandchildren and one great grandchild.

The Dunlevy U. B. church will have charge of the funeral service, Rev. M. R. Coles, pastor. The Rev. S. M. Johnson of Buisano, Pa., former pastor will conduct the services.

The communities to be represented in this league are Victory Hill, Bunoia, Fairhope, Monongahela, Elizabeth, Finleyville, VanVoorhis, Bentleyville, New Eagle and Ellsworth.

Joseph Connell of New Eagle was elected president; J. R. Cavanaugh of Elizabeth, vice president and Wm. G. Gibson of the Monongahela Republican, secretary and treasurer. Prosperous Dairyman in Carroll Twp. Found Making "Hootch"

HAD VERY COMPLETE OUTFIT

Mike Beck, a prosperous farmer, who lives in Carroll township, near the Taylor's Run road, and who operates one of the largest dairies in that section, was arrested on Wednesday on a charge of operating an illicit still at his home. The arrest was made by Constable Charles E. Titus and Chief of Police William Smedley of Donora.

The officers had been tipped off as to the operations of the still at the Beck home, and made a visit Wednesday evening. Mrs. Beck, who was in the yard at the time the officers approached, ran quickly to the cellar and was in the act of destroying all evidence when the minions of the law put her aside and confiscated the evidence. They found a large copper still in operation, with worm and other paraphernalia, together with a couple of jugs of "hootch," as well as noting two barrels of raisin mash ready for being distilled. The officers took the two jugs and were about to depart when they encountered Beck in the yard, and they stopped to talk to him. They placed the jugs on the ground, and Mrs. Beck took advantage of the occasion to smash one of the receptacles. She was also about to break the other when the officers interposed and saved part of the evidence. They then put Beck under arrest and took him to Donora, where he came for a hearing before Justice Ford at a date to be fixed.

It is alleged that Beck took advantage of delivering milk in Donora, where he has a lucrative patronage and sold the product of his still to a number of customers, as well as the products of his dairy. How long this combination sale has been going on is not known, but it is presumed it has been in working order for some time. From the appearance of the still in the Beck home, which was also confiscated, it would appear that Beck had been in the distilling business for several weeks. His plant was complete and apparently capable of turning out a considerable quantity of "raisin jack" every week.

Beck's arrest for making "moonshine" is also going to bring more trouble to him. Health Officer McCune of Donora, has cancelled his license to sell milk in that borough until such time as Beck makes a radical change in the sanitary conditions about his premises. A number of people have complained about conditions as they exist there at the present time, and Officer McCune has determined that Beck "clean up" before he will be allowed to continue his milk business in Donora.

The arrest of Beck caused considerable surprise in Donora and in the township, as he has always been regarded as a prosperous dairyman. However, the lure of easy money may have been his undoing.

EASTER EXPOSITION

Gloves that will save the day for many a costume come in many original styles moderately priced.

High Neckwear which will invest suits or frocks with new dignity is fashioned of crisp organdy.

A great help in adding smartness to the Spring outfit is handsomely clocked silk Hosiery.

Decorative cutwork underlaid with filmy net is an interesting feature of the new silk Underwear of Spring.

Cotton Underthings boast trimming bands of real Filet lace and ribbon straps.

EASTER SHOWING OF THE BETTER KIND OF APPAREL FOR LADIES AND MISSES

The art of identifying and selecting from the myraid of styles presented at the Easter season the modes most in accord with the varying tastes and needs of our patrons has been thoroughly mastered by this store.

This exposition brings definite assurance of days of most value for your money; days of economy and days of plenty. In it a glorious collection of authoritative wearables for Easter, 1921 make their bow. Each offering is radiantly new, youthful, authentic and marked so favorably that Spring shopping may be indulged in with confidence that prosperous buying times are here.

In creating the gorgeous apparel now being presented for Easter the designers were oblivious to distance. It is interesting to note that they have found their inspiration in Spain, in the Balkans and in the far-off Orient.

Just as important as the costume itself from a standpoint of smartness is the Boutonniere which adorns it. Scores of pastel toned ones are being offered now.

Veils are unusually fond of tete de negre this season. They also favor square and hexagonal mesh.

Formal modes for the new season show a Velesquez influence.

Suits with checked Skirts and plain toned Jackets are very chic and ideal for sports wear.

COATS AND CAPES SHARE HONORS

But in mentioning them we must not overlook the Wraps for they are neither Coats nor Capes but rather happy combinations of both. All three types of outer garments are devised from soft woolsens, but how very different and smart each is! The Coats, swinging out from snug shoulders, in an uninterrupted line, flare gracefully at the hem. Many of the Capes also favor straight lines and like the majority of the Wraps and Coats are artistically embroidered.

\$12.50 to \$89.50

SUITS SOUND A YOUTHFUL NOTE

Allover embroidery all but concealing the fabric beneath is only one way the Spring Suits have of attaining distinction. Some of the models have semi-fitted jackets the skirt sections of which ripple alluringly. Others of more frivolous men have straight-line box or diminutive Eton jackets. And how much of their smartness is due to the excellent tailoring and fine fabrics which characterize every suit in our Exposition groups.

\$12.95 to \$95.00.

FROCKS IN A DIVERSITY OF STYLES

Choosing a Frock that expresses one's personality is such a simple matter this season for the needs of women of all types have been taken care of. Newest of the new are piquant modes of satin, taffeta or various woolens with tight little bodices and full flaring skirts. This Spanish silhouette is very youthful but so for that matter are the chemise Frocks which adhere to straight and narrow lines. Lowered waistlines, sashes and handkerchief drapes are some of the novel style departures featured.

\$12.75 to \$89.50

NEVER WERE HATS MORE PICTURESQUE

—Than they are this Spring. There are large Hats of unusual contour; medium sized tricornes; rolling brimmed sailors and off the face shapes; and last but not least countless dashing little turbans and toques. The first named favor leghorn, milan and lisere straw, while the latter are evolved of every conceivable fabric, braid or straw. The vogue for drooping one-sided garnitures is very pronounced.

\$4.95 to \$22.50

BLOUSES

Don't fail to see the new Blouses when you attend our Easter Exposition for a more dazzling array of models than this is seldom shown. Most of them are exquisitely embroidered or glistening with bead decorations.

SKIRTS

Almost any silhouette one might desire is obtainable in the Skirts. Every imaginable kind of pleat is employed, but there are a number of chic plain models, too. Choice is offered of silk or woolens.

A FERTILE SUGGESTION.
"Diversified Politics" is suggested by the Sweet Potato Bulletin as one remedy for the evils suffered by the Southern states. The Sweet Potato Bulletin is published in Alabama which is probably as solid a Democratic state as any state in the Union. It speaks in behalf of an industry that is peculiarly Southern, although some sweet potatoes are grown in Northern states.

This paper speaking in behalf of a Southern constituency, cites the records of Congress to show that the chief opponents of the agricultural emergency tariff law were Senators and Congressmen coming from the South and from sections which are almost entirely supported by agricultural products. The comment of this farm paper is as follows:

"Is it not time for the farmer to establish a vigilant watch over his Representative in Congress? Wouldn't a little diversification in politics be a good plan? The one crop farm has proved a failure and one line of politics is almost as great an evil."

It is to be hoped that voters in the South will give careful thought to the suggestion the editor of the periodical published in behalf of Southern agricultural producers.

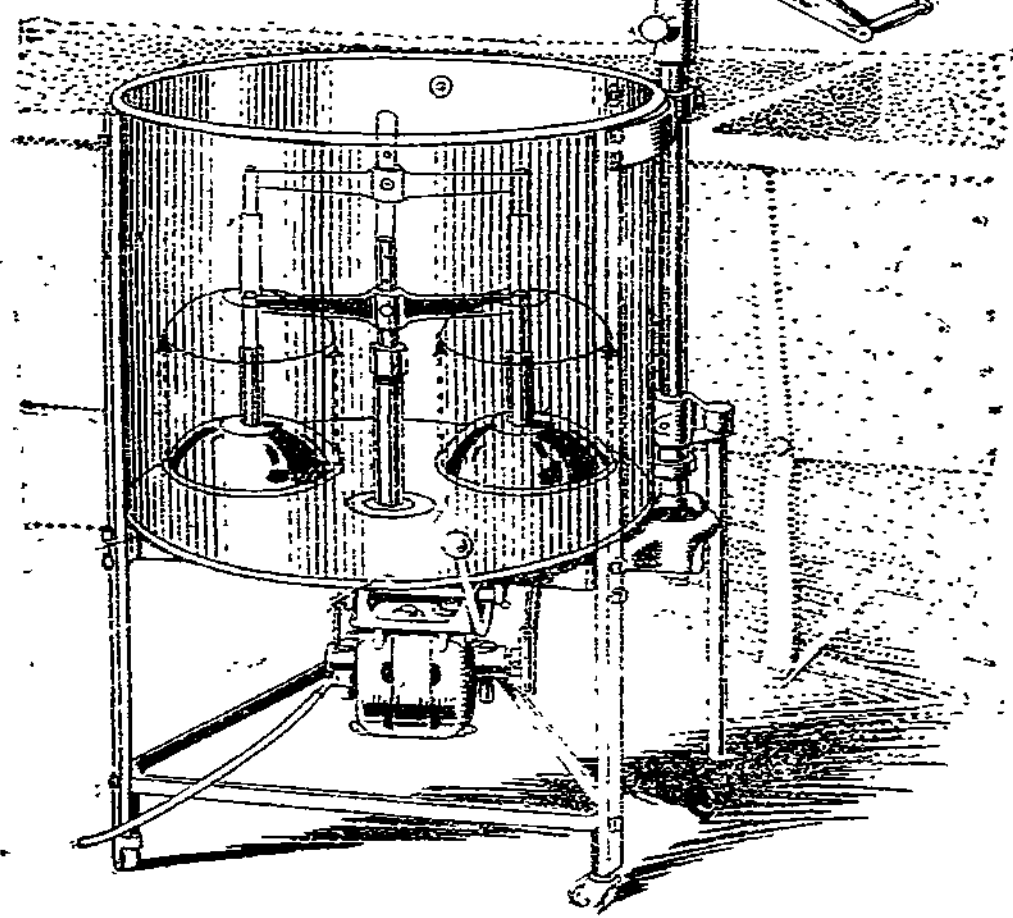

BEHIND THE LINES.

Mr. Harding is for America first, and as a first requisite to that policy he stands for a navy big and powerful enough to make our coasts invulnerable to foreign attack. That accomplished the country can turn, under his leadership, to the development of its industrial resources without limit.

952 Franklin Cars Shipped in February

Sales Keeping Up to High Level at Syracuse Factory.
Business for the month of February as reported by the Franklin Automobile company of Syracuse show that sales are keeping up to a high level. By February 15 the entire month's production had been sold, and to meet the over-demand the factory was called upon for 100 more cars than planned for. Shipments for the month totalled 952 cars, or within 35 cars of the best February in the company's history—this occurring last year. A new record would have been hung up this year but for the fact that February, 1921 had one less day than February, 1920.

Even with the Franklin factory working on a 40-cent-per-day program, which is the present rate of production, it found itself unable to keep up with orders. During February the total number of orders received aggregated 1107, and even the 952-car output fell short of filling orders for February shipment by 155 cars. The manufacturing schedule for March calls for the production of 1031 cars.

PROPOSES A TAX

ON GASOLINE SALES
One of Governor William C. Sprout's revenue raising bills, proposing a tax of one cent on all sales of gasoline except resales, will be introduced in the Legislature at Harrisburg some day next week. It is anticipated that if the proposed measure should become a law it would raise about one million dollars annually from this source alone. One half the amount raised would be returned to the counties in which it is collected, to be used for specific purposes.

Big Easter Ham Sale

For many years these famous delicious and nutritious hams of ours have been an unfailing source of satisfaction to our thousands of customers all over Western Pennsylvania because of their tenderness, mildness and lean toothsome meat.

Always chosen from the choicest young Iowa corn-fed hogs, every one is rigidly inspected by trained U. S. Veterinarians—and passed 100 per cent perfect—then sugar cured and hickory smoked over a slow hickory wood fire to bring out the wonderful flavor. They are simply delicious.

High quality and low price are two good reasons why Donahoe's Sugar Cured Hams should always be on your table.

Every ham offered in this sale enjoys an enviable reputation for high quality, for economy's sake buy a whole ham. Bake the front end—broil or fry the center cut—soil the back end.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound.

to carry women safely through the Change of Life. She says: "It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms.

Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the dizzy feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Graceful princess lines vie with the Spanish silhouette. Who could ask for a greater variety than you will find here this season. It is essentially a womanly woman's reason, when decorative feminine touches were never more intriguing.

This week we are offering such extraordinary values that any woman in Charleroi or vicinity who wants to buy an Easter Suit will come to this store.

Date or No Date

The Almanac will tell us that Spring began on the 21st of March, while the fact is, Spring has been with us all winter, so far as the weather is concerned, for we had no winter at all. How certain it is that dates, days and months do not always enter into the facts of the case.

So it is in business at Mahieu's 8 stores. We rarely pay little attention what the calendar displays—we simply propose and see to it that CASH BUYERS get dependable goods from our house EVERY WEEK and EVERY DAY in the year at less than they can get the same quality of goods anywhere else. So whether it is March 21st or any day of the month in the year you can get the goods you want, when you want them, less here than you can from any other house in this part of the country.
